OSX® B2 Battalion™ is based upon our most popular series of turnout gear. The 32" coat features an advanced 3 body panel with a new pleated back and high-back pants designed to give the wearer extreme freedom of movement. The new Black-Ops™ Suspender System, exclusive to Lakeland Fire, provides a high degree of comfort, eliminating the fatigue that comes with long wear. Rugged construction means maximum durability and a long garment life. A long list of standard features rivals what other manufacturers call custom gear.

Get your gear, and get it fast with OSX®.

Pleated Back Gives Maximum Freedom of Movement!
