## Declarations of Conformity

All Lakeland® CE products are certified according to the PPE Regulation 2016\_245<sup>1</sup> and the latest versions of standards, where possible.

Lakeland® CE garment labels and its user instructions contain a QR link to this page. The Declarations of Conformity are listed on the preceding pages for download.

- In general, there are two documents for each product:

**Full Body Protection:** Relating to coveralls provide protection to the whole body.

**Partial Body Protection:** Relating to accessories such as overshoes, aprons that provide protection only to the parts of the body they cover.

- Other documents may refer to specific or special products such as the MicroMax NS Nuclear.
- Note that each Declaration of Conformity normally covers multiple product codes.

<sup>1</sup>The PPE Regulation 2016\_245 requires that access to a product Declaration of Conformity, the manufacturers' statement that the product meets all relevant EN Standard and basic health and safety performance requirements, is made available with every unit of a product sold, either directly with the product or through a link to a web page where the document can be downloaded.
