

"I chose Lakeland Stealth gear because their gear spec is one of the most custom, athletic fit, and mobile options on the market today."

JARED JOHNSON
Firefighter Challenge World Champion

DOMINATE. YOUR WAY.

Lakeland Industries has made it easy for firefighters to build and purchase Lakeland Challenge gear for The Firefighter Challenge.

A five-course race, The Firefighter Challenge stimulates the physical demand of real-life firefighting through rigorous levels of agility and strength.

BENEFITS OF LAKELAND STEALTH ON THE COURSE:

STAIR CLIMB w/HIGH-RISE PACK
Radial pleated knee in pant for increased bend and shift

HOSE HOIST
Ergonomic pleated back for enhanced movement when pulling the hose hoist

FORCIBLE KEISER ENTRY
Internal outer shell draw cord to reduce bulk in front of coat

HOSE ADVANCE
Set in sleeves to distribute the weight of the coat evenly over the shoulders

VICTIM RESCUE
Lighter weight design for increased function

CUSTOMIZE YOUR GEAR

Contact Lakeland for direct buying processes or to find a distributor in your area

The coat tail comes standard on the Challenge Stealth gear. Offerings include direct sew on the tail or add the CO-STLPV velcro name plaque designed for the tail shape.

Remove the hassle of waiting with our new, direct buying process. Here's what you need to know to get started.

Order requirements:

- Name
- Ship-To Address
- P.O. Number

All direct purchases will be a credit transaction. Shipping charges will be added once the number of needed sets and shipping address are confirmed.
